

Damon Q

At 17 years, Jack was concerned about his crowded upper teeth.

Treatment was complete after 17 months using the Damon Q system.

Dr Horobin used upper and lower fixed braces (Damon Q) without extractions.

After just 2 months progress was already obvious.

Progress after 12 months.

The finished result after 17 months.

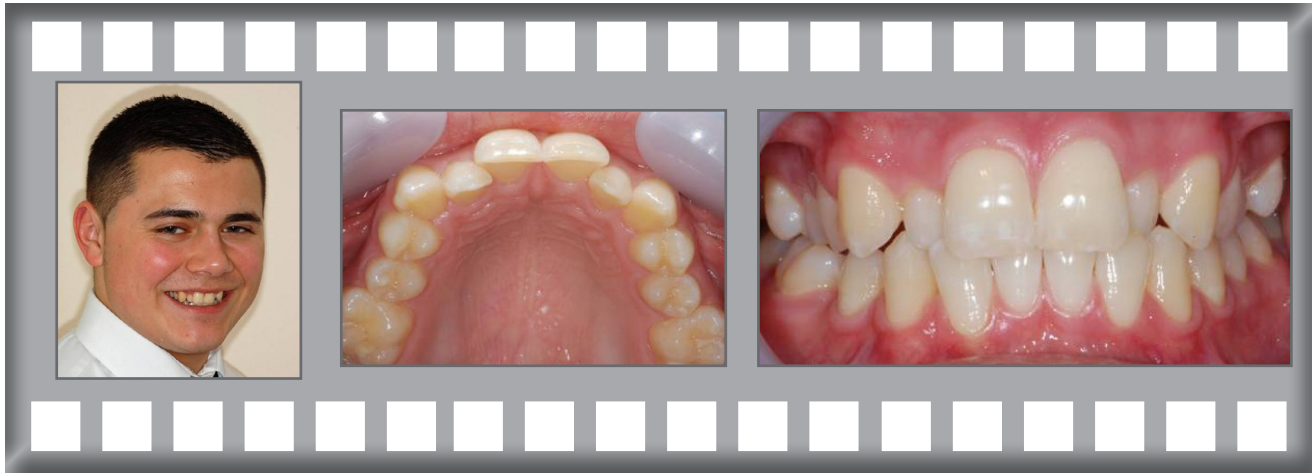

Damon Q

Jake was delighted with his end result.

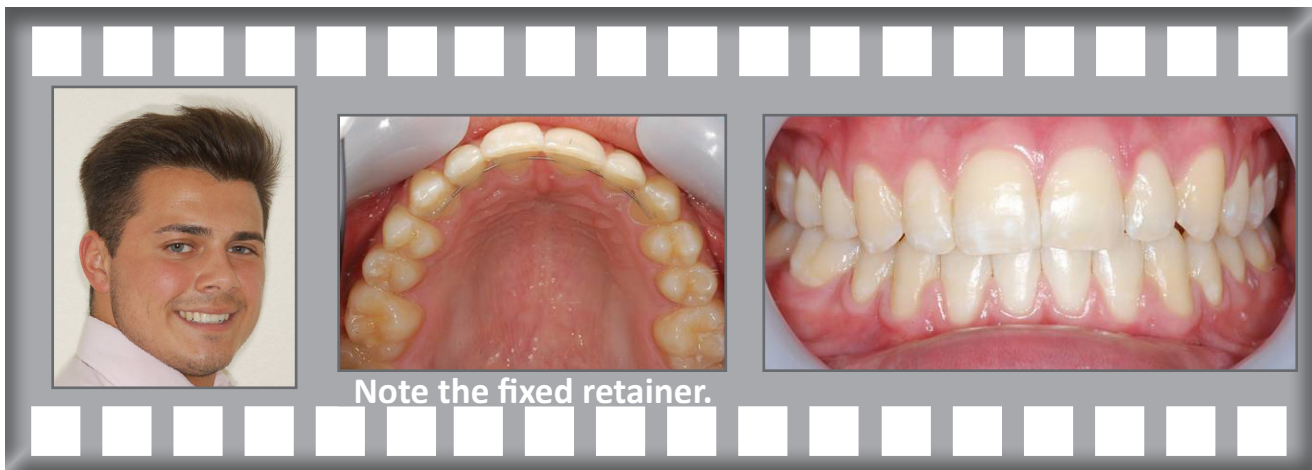

Treatment was complete after 17 months using the Damon Q system, without extractions.
