

How much will it cost?

It's important to keep in mind the lifetime value that orthodontic treatment provides. Treatment fees are individually assessed and depend upon the complexity of the treatment required.

The initial consultation costs £98 which includes a full diagnosis.

We believe that the financial considerations should not be an obstacle to a beautiful smile. Interest free, low cost payment plans (no deposit required) are available to help fund your orthodontic treatment, making private treatment much more affordable.

Our payment plans start from as little as £60.00* per month.

Please contact us for further details

*subject to status, 0 % finance is available over an 18 month period.

Confidence in your smile

*“A smile takes but a moment, but
the memory of it lasts a lifetime”.*

Private orthodontic treatment is now
affordable, flexible and convenient.

What is Orthodontics?

Orthodontics is a specialist branch of dentistry which concentrates on the diagnosis and treatment of dental and facial irregularities such as crooked, crowded, protruding teeth and poor jaw alignment.

Orthodontic treatment makes the best of your teeth and improves the harmony between the mouth and jaws.

What can Orthodontics do for you?

Chapel Road Orthodontics can help you achieve that award winning smile you have always dreamed of. With over 20 years of clinical expertise, we deliver excellent quality orthodontic care, using the latest technology and techniques to deliver impressive results.

We offer pre-wedding orthodontic packages, with bespoke treatment plans tailored to suit your individual needs. State of the art technology and materials are used to allow treatment to be completed effectively and efficiently with minimal inconvenience.

“When your big day arrives, you want to be able to smile with confidence, capturing those special memories that will last a lifetime!”

Many brides are now adding **“straight, white teeth”** to the top of their wedding list, realising that this too is an important factor to looking and feeling great on their big day. With the average cost of a wedding in the UK being more than £20,000 it's not surprising that brides-to-be are choosing to invest in a smile that will last forever.
