

Disabled Access

Access is suitable for wheelchair users, and facilitated through:

- Parking immediately located outside the practice, parking is limited so please inform us of any requirements when booking your appointment
- Parking surface is flat with no steps, kerbs or other hazards
- An access ramp leading to the front door
- Our reception desk has a lowered section enabling wheelchair users to speak to the receptionist
- The patient waiting area has been arranged to allow easy passage for wheelchair users
- Disabled toilet

All our surgeries are located on the first floor; however, we are able to carry out new patient assessments on the ground floor.

If you need to be treated downstairs please mention this to our reception team when booking your appointment.

If you are a patient and have any suggestions for further improvements that would help you, please contact us.
